

Introduction to Life Sciences

Discover Brunel

We're delighted to be thinking about studying a Brunel University course.

Our courses are designed to help you develop the skills and knowledge you need to succeed in your chosen field. We offer a range of courses, from undergraduate to postgraduate, and we have a strong reputation for research excellence. Our courses are taught by leading experts in their field, and we provide a supportive and challenging learning environment. We also offer a range of extracurricular activities and opportunities for professional development. We're confident that you'll find a course at Brunel that meets your needs and interests.

Reading List

Biochemistry: Berg, J., M. B., L., J., G., G.
Molecular and Cellular Biology: M., B., C., B., A., A., D. J., J., L., D., M., M., K., P., G.
Anatomy and Physiology: P., C. L., J. L., A. F., D., & P. ().
Cognitive Psychology: J. (), G., C., N., (), H., P., P.
Biosphere and Ecology: C., M., (), E., E., M., P., I. BN-

Sample lecture/research topic

- Biochemistry:** H.
- Molecular and Cellular Biology:** H., D.
- Physiology:** D.
- Psychology:**
- Biosphere and Ecology:** E.
